GUIDELINES FOR RECOGNITION OF NON-CREDIT BEARING SHORT COURSES

 HUMAN RESOURCE DEVELOPMENT COUNCIL of BOTSWANA	GUIDELINES FOR RECOGNITION OF NON-CREDIT BEARING SHORT COURSES (NCBSCs)	Document No.	NCBSC 02
		Issue No.	02
		Effective Date	10/09/2026

1. Introduction

- 1.1. This document entails the guidelines for recognizing Non-Credit Bearing Short Courses (NCBSCs) by HRDC. The Guidelines lay out the process from receiving the application to the final stage where the short course is recognized by the Council.

2. Purpose

The purpose of these guidelines is to ensure that there is consistency in recognizing NCBSCs. The primary purpose of recognizing NCBSC is to confirm that the short course is relevant and responsive to acquisition of the required competencies.

NCBSCs are skills development interventions to address the operational skills gaps in the industry and to respond to the new skills demand in the economy.

NCBSCs make provision for workplaces to close employees' competency gaps through tailor-made training solutions/services.

3. Scope

- 3.1. These guidelines cover the recognition of NCBSCs from the time an application is received and registered by HRDC to a point where a decision is made to recognize or reject and communicated accordingly to the ETP.

4. Background

- 4.1. Non-Credit Bearing Short Courses (NCBSCs) were processed and recognized by Botswana Qualifications Authority (BQA) until March 2021 when the Ministry of Tertiary Education, Research, Science and Technology transferred the function to HRDC.
- 4.2. NCBSCs are not directly part of the National Credit Qualification Framework (NCQF) since they do not attract credits towards award of a qualification but rather interventions for enhancing skills in the workplace. According to the Human Resource Development Strategy, skills training and development in workplaces are coordinated by HRDC and hence the Ministry found the Council more suited to coordinate NCBSC function.
- 4.3. Reports and Policy documents, primarily the National Human Resource Development Strategy (NHRDS) and Education and Training Sector Strategic Plan (ETSSP) have identified the shortage of relevant skills as one of the impediments to economic growth and competitiveness. Shortage of relevant skills in the industry can be addressed by effective implementation of NCBSCs.
